

Can You Name These BEARS AT The Zoo?

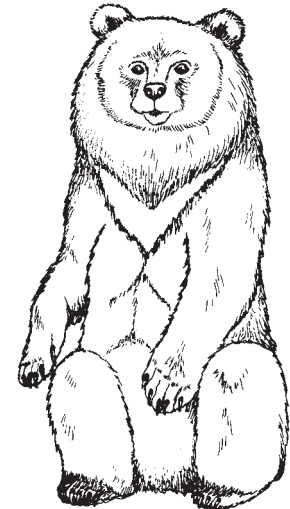

Once you have named the bears, color them in.

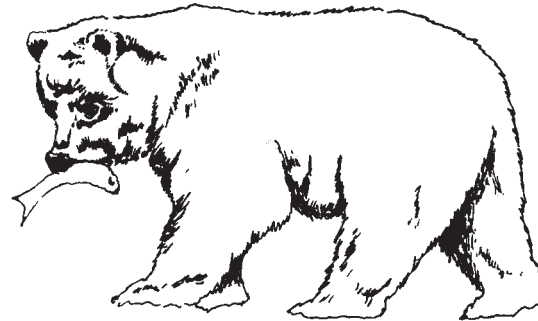

1) Called the **Nanook**
of the North.

3) Found throughout northern
Wisconsin.

4) Also called **Moon Bear**
because of the crescent on
its chest.

2) Once common throughout
Great Plains - now endangered.

FUN FACT: DID YOU KNOW?

All these species of bears
are found only in the
northern hemisphere

ANSWERS:
